Jesse Watters is perhaps best known for being a dick on "The O'Reilly Factor," and being on "The Watters' World" is on par. However, he's not quite the dick on the latter show. On the latest episode of "Watters' World," Donald Trump Jr. explained the kind of racist shit that he's subjected to from liberal journalists. For instance, he was recently asked about Donald Trump calling the Covington kids "filthy animals." "He's constantly told he's racist, and he's constantly told he's a fascist. It's a completely vicious cycle," Trump Jr. said. "Maybe he's just, you know, not smart enough to realize that we get attacked. It's a vicious, vicious cycle and I think it's a stupid cycle." Advertisement: "I don't think he understands," he continued. "I think he has a chip on his shoulder and I think he's probably very inarticulate, which is probably his failing and the reason that he's never successful, and he has a lot of different faults." "I'm the son of Donald Trump, who's the only person in history to have been a famous reality TV star before becoming president, which is insane. So people just can't stop attacking him." Watters' attention to detail is pretty great. He didn't let Trump Jr.'s advice go to waste though. He quickly asked about Trump supporters and what they think of his predecessor. going to the shooting range." "Go to the USCCA website, it's the website for the National Rifle Association," Trump Jr. continued. "People with conservative views on different things have fun doing things that they love. And it's not like he's trying to hate on all the little dudes and say, 'Well, let's just hate all the little dudes and let's go out and gang rape.'" Trump Jr. also clarified that his father isn't President of "white America."
