Q: Why doesn't my horizontal gradient appear in IE7-8? I have been trying to get a horizontal gradient to work in my webpage, but for some reason it only works in IE9 and up (including IE7), but not in IE7-8. The gradient works on IE9 in a dev environment, but not in production. Is there any possible reasons for this? Here is my CSS: .t-gradient { height: 30px; width: 855px; background: #ecf0f1; background: -webkit-gradient(linear, 0% 100%, 100% 0%, from(#ecf0f1), to(#fcf2e2)); background: -webkit-linear-gradient(top, #ecf0f1, #fcf2e2); background: -moz-linear-gradient(top, #ecf0f1, #fcf2e2); background: -ms-linear-gradient(top, #ecf0f1, #fcf2e2); background: -o-linear-gradient(top, #ecf0f1, #fcf2e2); background: linear-gradient(top, #ecf0f1, #fcf2e2); -ms-filter: progid:DXImageTransform.Microsoft.gradient(startColorstr='#ecf0f1', endColorstr='#fcf2e2', GradientType=0); filter: progid:DXImageTransform.Microsoft.gradient(startColorstr='#ecf0f1', endColorstr='#fcf2e2', GradientType=0); } And here is an example of the problem in IE7-8: And here is the correct output in IE9: Thank you for your help!
A: Add the following declaration to your CSS: -ms-interpolation-mode: bicubic; Contact Mark Henderson Mark Henderson Biography Mark Henderson is a Visual Artist and Printmaker living and working in Durham, North Carolina. His 2d92ce491b
