I use the stand mixer when I get home from work most of the time. I have the dough hooks and I find they are easier to use and also I am likely to use them for other things. I also tend to find that the dough tends to stick and go to the edge of the bowl instead of sitting down in the middle. I have found if I pull the dough from the bowl and knead it a little before I put it back in the bowl it helps a lot. I use my mixer, but I also use it for other things. I run the KitchenAid for 2-3 minutes once I put the dough in it before I put it in the fridge to "activate". I use the KitchenAid for all my bread baking. It is easier to use, has 570a42141b
