It is the third generation of the mod, featuring new quests, buildings, heroes, maps, models and texture. Rise of the Elves gives the story a fantasy twist on the Rise of Azeroth. We are back to the roots of the Warcraft universe. Players can relive the history and start to rebuild a shattered world in the context of Warcraft III. Rise of the Elves is not a MOBA. It is a fast-paced real-time strategy game, that focuses on how to manage your army and use your resources to their full potential. Although we love Warcraft III, we have a special focus on what makes Rise of the Elves a unique game. Even though the team is already focusing on the next generation of Warcraft III, we decided to keep our own version of the mod available to our fans and players. There are 2 main versions of Rise of the Elves v1.5: The original version and a Windows 8 version. The Windows 8 version is fully compatible with Windows 7 and Windows 8. The Windows 7 version is more or less compatible, but we suggest the Windows 8 version. Enjoy this cool fantasy Warcraft III mod in the free download. Hijack: Escape from the World of Warcraft Hijack: Escape from the World of Warcraft is a Warcraft 3 Mod for the popular multiplayer game WarCraft 3. Hijack: Escape from the World of Warcraft is about taking over the online game world of the famous MMO. There are some bugs, but the experience is great for new players and skilled players. If you're new to WoW and trying to break free of its pull, Hijack is perfect for you! Hijack is only an escape route. Enjoy this cool Warcraft 3 Mod for the free download.
