Top Downloads for January 2005 1. Norton PC Scanner 2.1.9 Norton PC Scanner is a system scanner

that verifies your computer is free of spyware, virus, trojan, and other potentially unwanted programs (PUPs). It also detects program conflicts and other problems that could cause system problems. If you are having trouble with your PC, or need to troubleshoot a problem, the Norton PC Scanner can help. Free up valuable hard disk space with SmartCleanUp. Its unique programs help to clean up unused files, temporary files, temporary Internet files, recycle bin files, and many other items. With SmartCleanUp you can easily free up valuable disk space that can be used for valuable files, including important documents, graphics, and pictures. Is your notebook or laptop getting heavy? The UltraTouch™. There are several ways to reduce the weight of the notebook without compromising any key features. UltraTouch™ is a robust and effective solution. It has a soft leather-like feel on the user's finger when the touchpad is used. It is also flexible and easily adaptable to almost any notebook. You've tried all sorts of product keys and download managers, and they all seem to crash when you're just trying to add a game to your collection. Game Key Key-Catcher is a freeware utility that will do the same job - perfectly! Combine words, such as a date and file name, into your own personal dictionary. Most people wish they could remember longer and longer strings of characters that they need to be able to retrieve. Once you start seeing the need to record this information, you'll want to start using a personal dictionary. You can use your own personal dictionary without getting overwhelmed. Social Networker is a social network analysis utility. You can use this software to create a social network for any group of people, build a social network pyramid, find and analyze social network members and more. 80eaf3aba8
